

April - May 2021

Princeton Montessori Academy

Dates to Remember:

April 22 — Earth Day

April 30 — National Arbor Day

May 3-7 — Teachers Appreciation Week

May 5 — Cinco De Mayo Celebration

May 7 — Mother's Day Celebration

May 31 — Memorial Day - School Closed

Happy Spring!

You may notice that the flowers are blooming as the weather gets warmer. The children look forward to being outdoors, not only to play and be with their friends but to experience the sights and sounds of spring.

It's rewarding to watch the children grow and flourish as they master many new skills. In the meantime, we are delighted to learn that California has among the lowest coronavirus positivity rates in the country. As more than half of the eligible residents in California are vaccinated, we are hoping for brighter days in the coming months with life getting back to normalcy.

April 22 — Earth Day: "Restore Our Earth"

Our focus for this year's Earth Day is to impress on our students the ways of reducing our carbon footprint. To commemorate the true meaning of Earth Day, our children will learn more about being environmentally conscious citizens of the world. Our discussions will focus on reducing the number of natural resources, such as electricity and water, that we are consuming.

Annual Easter Egg Hunt

Our children, dressed in beautiful spring attires, celebrated Easter at school and enjoyed a traditional Easter lunch to mark this annual holiday. To complete the celebration, we hosted an egg hunt modified for safety measures.

April 30 — National Arbor Day

Each classroom will help plant a tree in our school backyard on April 30 to celebrate National Arbor Day. We have a very well-informed student body that has a great appreciation for the benefits that we get from having trees around us.

May 3 – 7 — Teacher Appreciation Week

Our teachers continually work hard and dedicate themselves to our student's education and growth, especially during the global pandemic. We encourage our students and their families to show their appreciation for all they do. In the past, many students made handwritten cards with special messages to their teachers and have brought flowers from their garden. Thank you to our teachers!

May 7 — Mother's Day Celebrations

We are still cautiously moving forward from the pandemic and taking as many safety precautions as needed. Hence, we will not be hosting our annual Mother's Day Breakfast this year, for the second time in a row. Our children will have painting projects they will take home, to show their love and special bond with their mothers and mother figures.

May 5 — Cinco de Mayo

Our children will be celebrating the holiday that commemorates the victory of the Battle of Puebla, to honor Mexican culture and build community solidarity. Students will participate in festivities with traditional attires, music, crafts, and special studies about Mexican history and heritage. A special authentic Mexican lunch will be served on that day. More details to follow.

May 31 – Memorial Day

The school will be closed on Monday, May 31 in honor of the men and women who died while serving in the United States military.

Preschool Graduation

All students who will be celebrating their fifth birthday between 9/2/20 and 9/1/21 and who would have completed a minimum of five months of continuous enrollment (in person or online) by June 11 will be eligible to graduate from preschool. More details on our virtual Graduation Commencement Ceremony will soon be announced.

Late Pick-Up Fees

Please remember that our school closes promptly at 6:00 p.m. Please be considerate of our teachers and make arrangements for your child to be picked up before the closing time if you are not able to do so. Late pick-up fees of \$1/minute will be charged and must be paid at the time of pick-up.

Celebrating Birthdays at School

As life resumes back to normal, our children look forward to celebrating birthdays with their friends at school. Please remember that all birthday treats must be individually wrapped so that the children can take them home to be opened with their family's guidance. Please do not send treats that have tree nuts or peanuts in them.

Updated California Travel Guidelines

Traveling increases the risk of getting COVID-19 and infecting others in our student population until you are fully vaccinated. For this reason, we kindly ask you to delay non-essential travel, until you are fully vaccinated. If you are fully vaccinated, you are not required to test or quarantine before or after travel within the United States unless you have symptoms concerning COVID-19. If you have not been vaccinated, you must get tested 1-3 days before travel and 3-5 days after travel. After travel, self-quarantine for 7 days, even if you have a negative COVID-19 test result. If you did not get tested, self-quarantine for 10 days.
